BOSNIA-HERZEGOVINA

Test yourself !

Do you use energy efficiently and treat the environment responsibly?

QUESTIONNAIRE

(Check each bullet point where your answer is „YES“ - You score one point for each positive answer)

WATER

- Do you turn off the water while brushing teeth?
- Do you have a water saving toilet tank?
- Do you have installed faucet aerators at your home?
- Do you remove lime scale from taps?

WASTE

- Do you separate (any) garbage?
- Do you use recycling boxes for PET/paper/batteries?
- Do you use double-sided printing when possible?
- Do you use cloth bags?
- Do you use separate waste collection points (glass, electronics, batteries)

TRANSPORTATION

- Do you use public transportation?
- Do you walk or use a bicycle whenever possible, instead of driving?
- Do you check your tire pressure?

ELECTRONIC DEVICES

- Do you use energy saving light bulbs?
- Do you switch off lights in unoccupied rooms?
- Do you buy home appliances class „A“ or better (A+, A++)?
- Do you wait until hot/warm meals cool down before putting them in the fridge?
- Do you consider declared „stand by“ mode energy consumption while choosing electronic devices (printers, monitors, copiers...)?
- Do you turn computers off while away or use the „hibernate“ or „sleep“ option?
- Do you use a laptop instead of a desktop computer (if possible)?

HVAC

- During the winter, do you turn the thermostat temperature down while away or at night?
- Do you turn the temperature down when hot instead of opening windows?
- Do you make sure that curtains or furniture are not blocking the radiators?
- Do you call a maintenance person if your office heating is not working?
- Do you have a temperature regulator according to the outside temperature?
- During the summer, do you set the temperature on a split unit to maximum 7°C below outside temperature?

Sum your scores to find out your category

0-8

POINTS

You waste too much energy and you need an energy advisor

9-17

POINTS

Efficient use of energy is not your top priority, but you are trying

18-26

POINTS

You use energy rationally and manage waste wisely. Keep up like that!
